Quiz   #5

Java Programming II   **May 8, 2018 (6-7 period)**

Class: _C6_   **ID Number:** _s124o234_   **Name:** _Yuta Nemoto_

1. Annotations provides data about a program that is not part of the (_program itself_).

2. Choose the marker annotation.   (_4_)
   (1) @interface ClassInfo {
       String created();
       String createdBy();
     }

   (2) @interface MyMarker {
       String[] bugIds();
     }
   (3) @interface MyAnnotation {
       int mark;
     }

   (4) @interface AnnotationPoint {
     }

3. Choose the correct usage of annotation? (_3_ , _4_) // can select multiple answers
   @Target(ElementType.METHOD)
   @interface MyCheck {}

   ----

   (1) MyCheck
     public class TestClass {   // start of TestClass
   (2) MyCheck int data;   // field data
   (3) MyCheck public TestClass() { }   // constructor
   (4) MyCheck public void showDataMethod() {   // showDataMethod
       System.println(data);

     }
   } // end of TestClass
